GIS Developer

add 🧺

Location:	City, London
Salary:	£250 - £258 per annum
Company:	LA International
Job type:	Contract
Date posted:	10/12/2009 10:30:47

*** GIS Developer - London ***

An excellent opportunity is available with my client for a GIS Developer to start work on an initial 3 month contract. Please note that due to tight timescales candidates who already hold a valid SC level clearance are highly desirable.

To be considered for this post you must possess the following skills:

Ordnance Survey Data Experience
PostGIS / Oracle Spatial Development
Open Source GIS Experience
OpenLayers Experience
Python / Django Experience

Desirable skills:

Mapnik Programming
OpenStreetMap Experience
QGIS / ArcGIS / similar Experience
FeatureServer Experience
Change & Deployment Management

Due to the nature and urgency of this post, candidates holding or who have held high level security clearance in the past are most welcome to apply. Please note successful applicants will be required to be security cleared prior to appointment which can take up to 10 weeks. LA International Computer Consultants Ltd is an HMG Approved Consultancy and operates as an IT & Engineering Consultancy or as an Employment Business & Agency, depending upon the precise nature of the work, for security cleared jobs or non clearance vacancies. Award Winning LA International Computer Consultants Ltd (Recruiter Awards For Excellence - Best IT , Best Public Sector & Gold Awards)
